CTS OR ZTS?

Choose conventional tailswing for more stability and strength, or zero tailswing for more manoeuvrability.

TOUGH TO BEAT FOR EASE OF USE.

New dig end geometry and superior visibility makes dumper loading easy. Tilt-rotate option available to give you ultimate flexibility.

COMPLETE CONTROL

Electro-proportional circuits allow up to 10 pre-set attachments while factory-fitted quickhitch makes changeover easy.

TOUGH TO BEAT FOR DURABILITY.

Hoses are routed through the dig end for maximum protection against damage and wear, while O-ring face sealed hydraulic connections protect against leaks.

BUILT TO LAST

100% steel bodywork provides better resistance to site damage and is easier to repair.

TOUGH TO BEAT FOR SAFETY.

Seatbelt-activated green beacon, follow-me-home lights, lift overload system and JCB's unique 2GO system, all contribute to safer working.
